

How to Make a Wind Vane

You Will Need

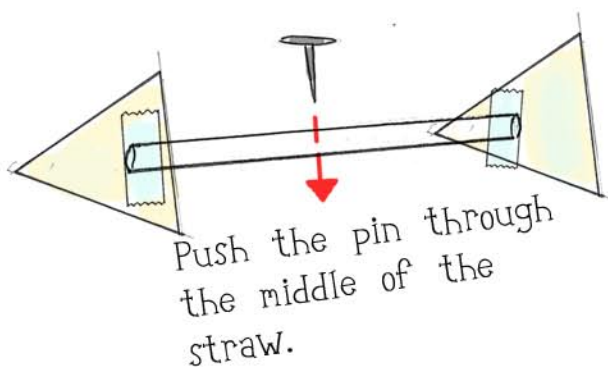

- 1 Straw
- 1 Thumb Tack
- 1 Index Card
- Pencil with Eraser
- Tape

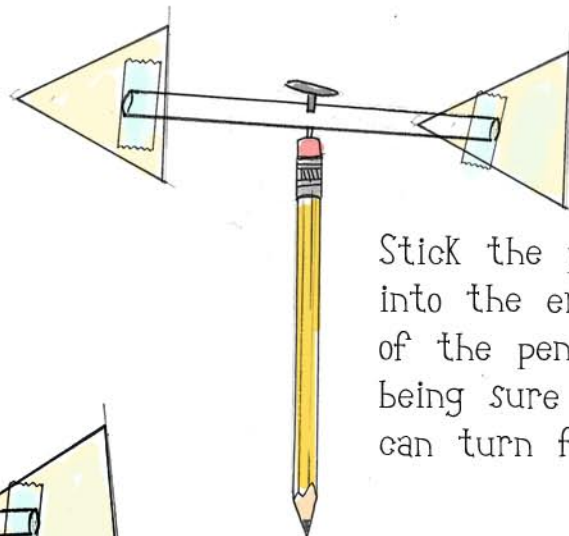

Cut the point and tail out of the index card.

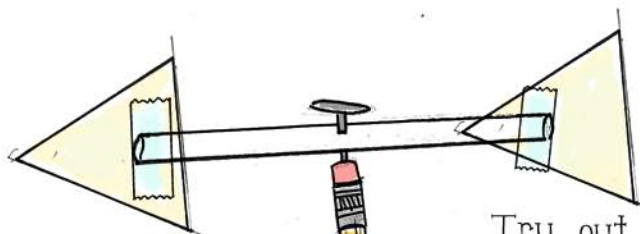

Tape the tail on one end of the straw and the point to the other.

Push the pin through the middle of the straw.

Stick the pin into the eraser of the pencil being sure it can turn freely.

Try out your wind vane!
You can either go outside or blow on your wind vane while inside!
