

Transparency: Habitation Notes

Follow these steps to record notes about your assigned topic.

1. Write in your assigned topic at the top of the page.
 - Group A: Kitchen
 - Group B: Bedroom
 - Group C: Bathroom
 - Group D: Materials
 - Group E: Exterior

2. Use the chart to record notes about your assigned topic. A sample has been completed for you.
 - In the first column, list at least three features that have changed over time. You may add rows to your chart as needed.
 - In the second column, identify the positive effects you think this change has had on humans and on the environment.
 - In the third column, identify the negative effects you think this change has had on humans and the environment.

Feature	Positive Effects	Negative Effects
<i>Indoor plumbing</i>	For Humans: <i>more convenient showering</i>	For Humans: <i>have to pay for water usage</i>
	For the Environment: <i>safer waste disposal</i>	For the Environment: <i>improper disposal of toxic chemicals</i>
	For Humans:	For Humans:
	For the Environment:	For the Environment:
